ITALIAN FOR FOREIGNERS
NON INTENSIVE COURSES

These courses are designed for people staying in Rome for long periods of time, and consist of two lessons held **twice a week in the evening**. Non-intensive courses are available **from October to June.**

All Italian Language Courses are taught by our highly trained teachers specialized in the teaching of Italian as a foreign language. The permanent teaching staff is directed by a curriculum coordinator who also supervises the development of new and up-to-date teaching materials.

Teachers
Our teachers are university graduates with considerable experience both in Italy and abroad. Before joining our staff, however, teachers are requested to attend a specialization course and undergo a relative training period.

Teaching method
The teaching methods used is based on communication. Students actively exercise the four fundamental functions of the language: listening, speaking, reading and writing. Particular attention, however, is given to conversation, to develop in the student an increasing capacity to express himself and communicate in Italian from the very beginning of the course. Naturally this method includes the study of the rules of Italian syntax and grammar, which are essential to language learning, but which, alone, are not sufficient for gaining a real command of the Italian language.

Teaching materials
Textbooks and all teaching materials (audio and video cassettes, slides, photocopies, etc.) are produced and developed by our didactic research team and are regularly updated with new information and materials.

Duration of evening course
Students have the following options:
5 weeks (20 lessons) – 10 weeks (40 lessons) – 15 weeks (60 lessons) – 20 weeks (80 lessons)
