SHORT DESCRIPTION

The Eastwest European Institute, in partnership with the **Italian Ministry of Foreign Affairs and International Cooperation** and **Associazione Diplomatici**, is glad to propose the new program Study Mission Rome 2022.

The Study Mission aims to provide university students with **an understanding of the relevance of Rome as a diplomatic, cultural, and economic center** through meetings with political actors, cultural representatives, and companies. At the same time, the participants will have the chance to build a network with students coming from all over the world.

By the end of the program, participants will have gained a deeper understanding of the consequences of environmental problems and how they afflict the Earth.

**The present brochure represents the tentative program of the course. The program might undergo some changes.*
